Liver Aid Juices

After Party Juice — Detox your Liver

After Party is a vibrant, plant-based juice designed to detox and revive your body after a long night—or any time you need a reset. Beetroot takes center stage, supporting liver function and cleansing the blood with its deep, earthy richness. Carrot adds natural sweetness and a dose of beta-carotene, helping to reduce inflammation and support overall vitality. Crisp apple brings balance with a fresh, juicy finish while adding natural antioxidants. Lemon cuts through with a bright citrus kick, aiding digestion and giving the blend a refreshing zing. Ginger delivers a warm, spicy edge that stimulates circulation and soothes the stomach. Every sip is a powerful combination of detoxifying and rejuvenating ingredients. Whether you're recovering or just looking to recharge, this juice helps your body feel lighter, cleaner, and more energized. Completely plant-based and made with only real, whole foods—After Party is your liver's best friend.

Vatta Ayurveda — Anti Inflammatory and Hydrating with Added Psyllum Husk

A grounding, plant-based juice crafted to calm inflammation and deeply hydrate the body. Carrot brings a naturally sweet earthiness, rich in beta-carotene and known for its soothing, anti-inflammatory properties. Tart cherries add a vibrant burst of antioxidants, helping to reduce muscle soreness and promote joint health. Beetroot supports circulation and liver detox, adding depth and a beautiful ruby hue to the blend. Lime brightens the flavor with a tangy citrus twist, refreshing the palate while aiding digestion. Filtered water keeps the blend light and hydrating, making it easy on the system and perfect for daily balance. Newly added psyllium husk introduces gentle fiber to support healthy digestion and promote gut regularity. Together, these ingredients create a harmony of nourishment, energy, and calm—aligned with Ayurvedic principles for balancing the Vata dosha. Completely plant-based and intentionally formulated, Vatta Ayurveda is wellness in its purest, most functional form.

Beet-a-licious — Liver tonic juice

Beet-a-licious is a bold, plant-based liver tonic designed to cleanse, energize, and nourish from within. Deep red beets are at the heart of this blend, known for their powerful detoxifying properties and ability to support liver health. Spicy ginger adds warmth and kick, helping to stimulate digestion and boost circulation. Grapefruit and orange bring a citrusy brightness, packed with vitamin C and antioxidants to protect and revitalize your system. Apple adds a crisp sweetness that balances the tartness, making each sip both refreshing and satisfying. Cooling cucumber hydrates and soothes, while aiding in flushing out toxins. Lemon ties it all together with a zesty finish that elevates the entire blend. Each ingredient works in harmony to cleanse the liver, support digestion, and provide a natural energy lift. Completely plant-based and made only with whole, vibrant produce—Beet-a-licious is as delicious as it is functional.
